**SUPERIOR
 QUALITY
 PRODUCTS**

**Manufacturers of
 Quality Welding Products
 since 1984**

"We are committed to improve our products quality, and expand our range of products; to provide solutions to our customers that fulfill their needs and exceed their expectations."

WHO IS **ESWECO** ?

ESWECO is a major producer of welding materials and consumables that amount to almost 43,000 tons / year holding a market share of 60% across Egypt while exporting our products to 28 different countries.

All ESWECO products are certified by international organizations includes Lloyds of Germany & England and the American Bureau of shipping. The Company holds ISO 9002 since 1996 and OHSAS 1800 since 2007 and employs 300 qualified professionals on both levels white and blue collars.

Our success attributes to our commitment to satisfy our customers and timely respond to their inquiries and requests. Since its establishment, the company contributes to the industrial development of the Egyptian welding sector via the effective participation and collaboration with TWI, England, in the form of establishing the Egyptian Welding Academy under the umbrella of HEDO Group Industries located in Alexandria, Egypt.

OUR PRODUCTS

Mild Steels Electrodes

- Basic Electrodes
- Cellulosic Electrodes
- High Efficiency Iron Powder Electrodes
- Rutiled Electrodes

Low-alloyed Electrodes

- Cellulosic Electrodes
- Heat Resistant Low Alloy Steels
- High Tensile Low Alloy Steels
- Low Temperature Services Low Alloy Steels

Stainless Steel Electrodes

Consumables For Dissimilar Materials

Hardfacing Electrodes

- Hardfacing
- Tool Steels

Cast Iron Alloys

Special Electrodes

Gas Metal Arc Welding

Flux Cord Wire (FCAW)

Submerged Arc Wire and Fluxes (SAW)

Nickel Based Alloy

Affordable
solutions for all
your welding
needs.
